

# LUFUNO MBEDZI

SOFTWARE ENGINEER

## Profile

I'm inquisitive, hard-working and creative at heart. I love to learn and always find myself sharing everything I learn about technology with people around me.

People come first in my life and I am not afraid of a challenge or shouldering responsibility.

## Experience

- Jan 2020 - Dec 2020**    **Open learn academy**  
Junior java developer, Johannesburg  
I worked on internal projects using the following technologies:  
Intellij, SQL, AWS, Git.
- duties and responsibilities
1. Implement new features as they got raised
  2. write Unit tests
  3. Push my features to Bitbucket for reviews.
  4. Weekly training sessions on core java and AWS.
  5. weekly knowledge sharing sessions.

## Education

- 2013 - 2015**    **Jeppe education centre**  
National Senior Certificate ,  
Johannesburg  
Matric certificate.
- 2017 - 2020**    **WeThinkCode**  
software engineering  
fundamentals of programming,  
algorithms, websites, app development.  
learning different technologies such as  
Java, JavaScript, Php, and cloud.
- Sep 2021 - Present**    **Umuzi Academy**  
National Certificate in Information  
Technology (System Development)  
(SAQA ID 48872)
